What Your Peers Are Saying

"I attend and encourage all of my Meadows Group brokers to attend the annual Forms Changes educational seminars and webinars every January, and highly recommend Principal brokers and brokers alike to also attend and learn about the Forms Changes introduced every January. Educating and training all brokers is key to great customer service and results in good risk management for the broker and the brokerage."

Eva Sanders, Meadows Group, Inc. and 2016 OREF, LLC Forms Chairwoman—Portland, OR

"The annual January OREF Form Changes classes are one of the most valuable and well attended classes; 250 + brokers participate in our RVAR classes alone. Oregon Real Estate Library forms are the one piece that we all use throughout the year, so it is vitally important to be in front of the changes as we start out the year."

Colin Mullane, Full Circle Real Estate—Ashland, OR

"As professionals, being up to date on the most current version of the forms is a commitment we should be making for our clients and to reduce our own potential risk and liability."

Wendy Adkisson, Keller Williams Realty Central Oregon—Bend, OR

"Phil Querin, Attorney and Forms Committee Legal Counsel, provides informative and insightful overview of the annual forms changes. In addition to reviewing changes made to the Oregon Forms Library, Phil offers solid risk management tips that Principal Brokers can implement for brokerages, their brokers and clients. The 001—Realtor® Guide for Residential Real Estate Sale Agreement and the other advisory forms are exceptional resources in guiding Realtors® in completing a solid sale agreement and complete real estate transaction."

Gary Majors, Keller Williams Realty Professionals—Portland, OR

"My brokers have gained great value from the OREF forms changes summary posted on the OREF, LLC website (December 10) and the information presented at the annual Forms Changes seminar and webinars in January. I highly encourage you as Principal Broker to attend the 2017 seminars or webinars and encourage as many brokers to attend and participate. Jeff Wiren and Phil Querin provide a great instructional team approach; providing both Realtor®/real estate practitioner and legal perspectives."

Deb Galliano Nolen, Better Homes Gardens RE Realty—Clackamas, OR

"Byron Hendricks, President and Principal Broker at Berkshire Hathaway Home Services Real Estate Professionals in Salem, has provided annual forms changes seminar presentations for both the Salem Association and North Willamette Association of Realtors® (NWAR) for the past decade. I have attended other seminars and presentations he has provided over the years and have learned a lot from him as an instructor and as a fellow OAR Board of Director. Byron's experience and industry excellence, as well as his active state director involvement with Oregon Association of Realtors® provide Realtors® proven guidance on delivering professional service and representation in real estate transactions."

Robin Risley, Cascade Sotheby's International Realty—Gearhart, OR
